To whom it may concern,

My name is Glen Ellis, I am the head varsity basketball coach at Camelback High School. I have had the pleasure of coaching Mr. Jaylin Ideran for two seasons, currently entering his junior year. As a member of the Varsity program here at Camelback, Jaylin has earned back-to-back "First Team Metro 6A All Region awards" and has won 20 varsity games.

Joining a zero-win team from the previous season, as a 14-year-old Freshman, Jaylin helped the team improve its win total by six games, while averaging 14 PPG, 5.0 Rebounds, 3.8 Assists, 2.5 Steals and 0.4 Blocks per game.

As a Sophomore, Jaylin was elected Team Captain and improved our team win total by 8 games, finishing 2nd place in the Region standings and completing the season at 14W-8L. During his sophomore campaign, Jaylin averaged 13 PPG, 6.5 Rebounds, 2.8 Stelas, and 1.0 Blocks per game while improving in each statistical category. Outside of Jaylin's tremendous offensive abilities, he is a lock down defender, who can play the passing lanes, or guard multiple positions on ball. A team first player who enjoys hard work, practice and spending time on his craft every day. Jaylin is one of the hardest working players I have coached.

Off the court, I have received many compliments that speak to the amazing person Jaylin is. I have received emails from our principal here at Camelback complimenting Jaylin on cleaning up trash left behind by other students and the joy it is to have him on campus. I have also received emails from Jaylin's teacher expressing their gratitude for having Jaylin in their classrooms and how much of a positive influence he has on the other students around him. I have personally seen Jaylin lift up other teammates when they have fallen short and give positive praise and encouragement to those around him. You can depend on Jaylin to attend all practices, team activities and workouts without excuses and a willingness to work hard and improve each day.

As a student, Jaylin has improved tremendously since his freshman year. He has made it his personal goal to improve his GPA and has been putting in extra hours studying and connecting with his teachers and classmates to receive tutoring and attending study table when necessary. Jaylin will do the things necessary to be successful academically.

It is with my highest recommendation that you consider Jaylin Ideran for your basketball program and community. He will be an excellent student athlete and above all an amazing person you can be proud of. Feel free to reach out to me with any questions or follow up regarding Jaylin Ideran.
